Our great school grounds

Come and visit our great school grounds! We have a pond and a large field. Our chickens are part of our fauna. We have a man made willow structure made with bamboo and leaves.

FABULOUS FLORA,FANTASTIC FAUNA AND LOVELY LANDSCAPES!

**IN OUR SCHOOL, WE HAVE LOTS OF OPEN
LANDSCAPES LIKE OUR WOODS. STAFF HAVE
ALSO MADE A ROUTE THAT GOES THROUGH
THESE FOR OUR WEEKLY FRIDAY
RUN. SOMETIMES, WE INVITE PARENTS TO
RAISE MONEY OR SOMETIMES JUST FOR
FUN. THE FLORA NEAR
US INCLUDES PLANTS LIKE DANDELIONS
, DAISIES AND FORGETMENOTS. THE FAUNA IN
OUR SCHOOL INCLUDES CHICKENS, FISH,
TADPOLES, AND ROBINS. SINCE WE HAVE FOXES
WE MUST LOCK THE CHICKEN COOP!**

CONSERVING NATURE!

We use plastic that can be reused over and over again. We can also stay on paths in winter to conserve the grass and make lots of bug hotels.

We don't go on the field because we don't want to disturb hibernating animals. It is also bad to treat our grounds poorly and litter.

We can also conserve nature by making bird houses, checking if the flora is healthy and not cutting down trees. Don't drive too much otherwise, it will pollute the air.

Active Activities!

In our school we have lots of sports facilities. We have a football pitch, swimming pool, a large field, outdoor stage, running track and a variety of playgrounds.

Activities such as basketball, football, swimming and archery are all part of our recreational activities. We have lots of fun sports to keep us fit and healthy! Luckily we have a football team and a netball team.

Let's conserve nature!

We can conserve nature by looking after our trees and watering plants. If we all look after the world around us we will save it! if in your school you have allotments, plant as much as you can. Don't cut down trees because you will kill birds homes and they wont have any other place to live.

Access Our School

In our school we have many different ways to access places. We have ramps for kids in wheel chairs and a car park for the teachers cars!

To get to our school we have buses, trains, cars and some walk!
