Writing a review

Using a book, film or game you have recently read/watched/played, create a review. Your review can be in the format of a written piece like you might find in a newspaper or magazine. Alternatively, you could write it as a script for a review on the TV or radio. If you're feeling up to it, you could even record it as a video or audio clip.

To help, there is a PowerPoint (saved as a PDF) which explains what is needed in a review and provides examples of reviews to help with some inspiration. There is also a planning template available (also a PDF) to help plan your review.

Good luck and we look forward to seeing what you come up with!
