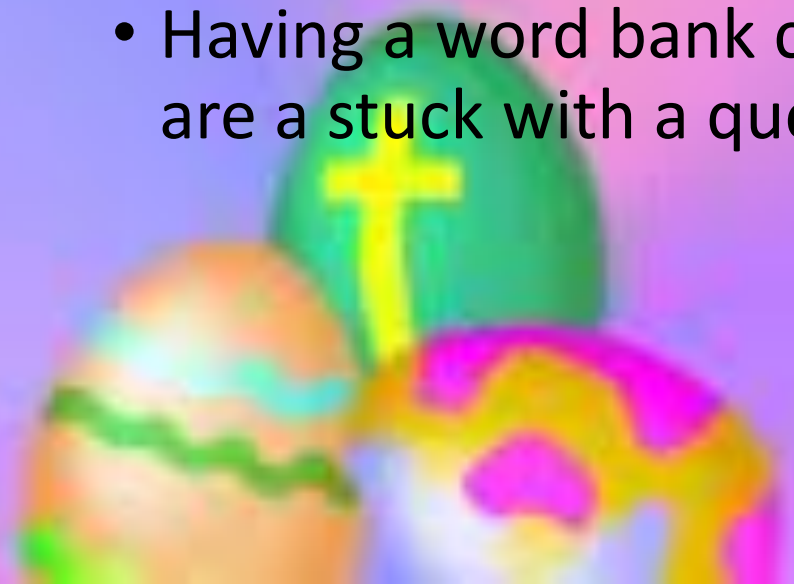
Easter Board Game

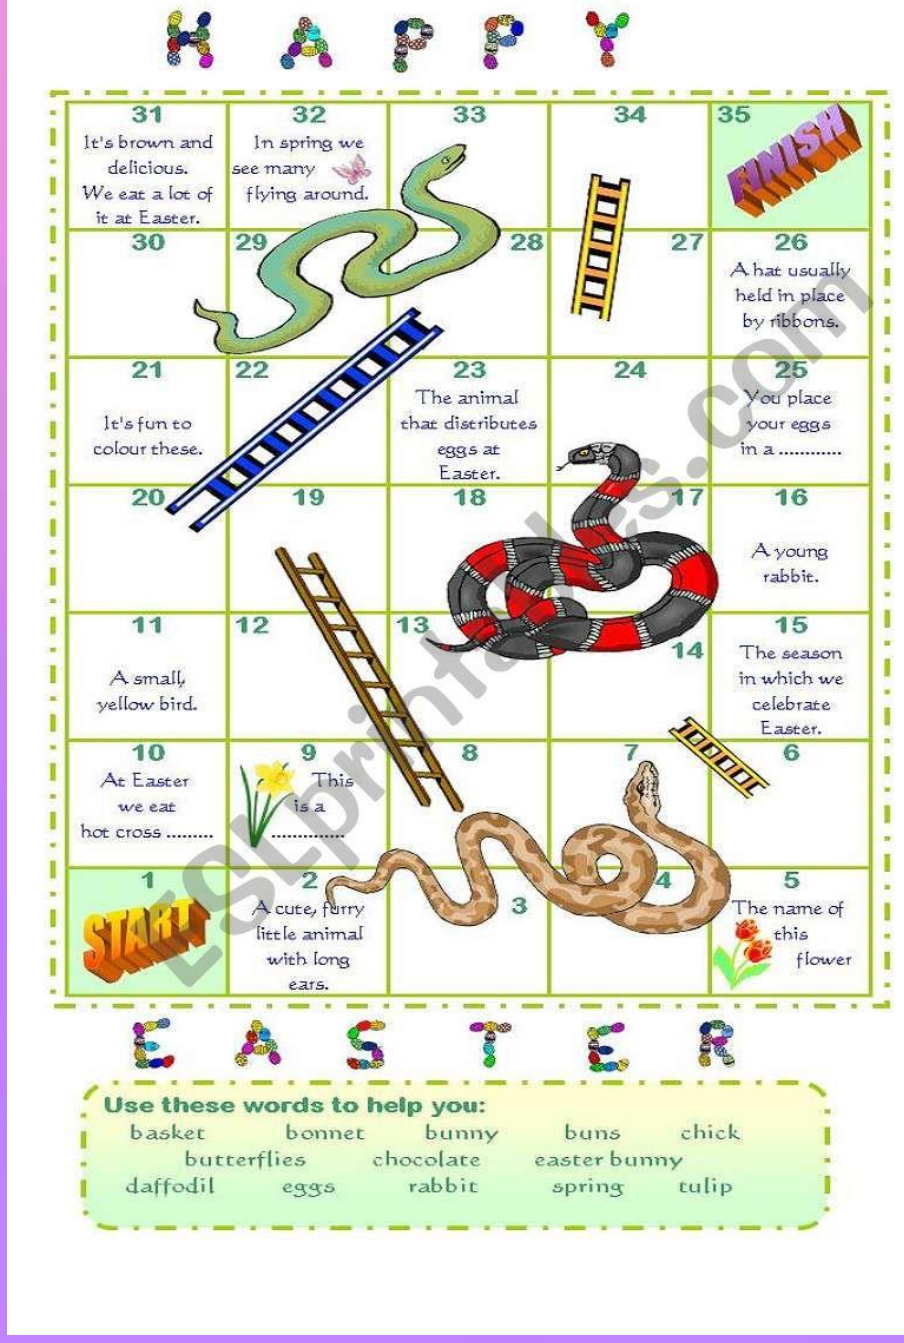
HAPPY

Easter

Snakes and Ladders

- Another option could be to create a snakes and ladders Easter edition.
- When you answer the Easter themed questions correctly you get to roll the dice again.
- Having a word bank could help players who are a stuck with a question.

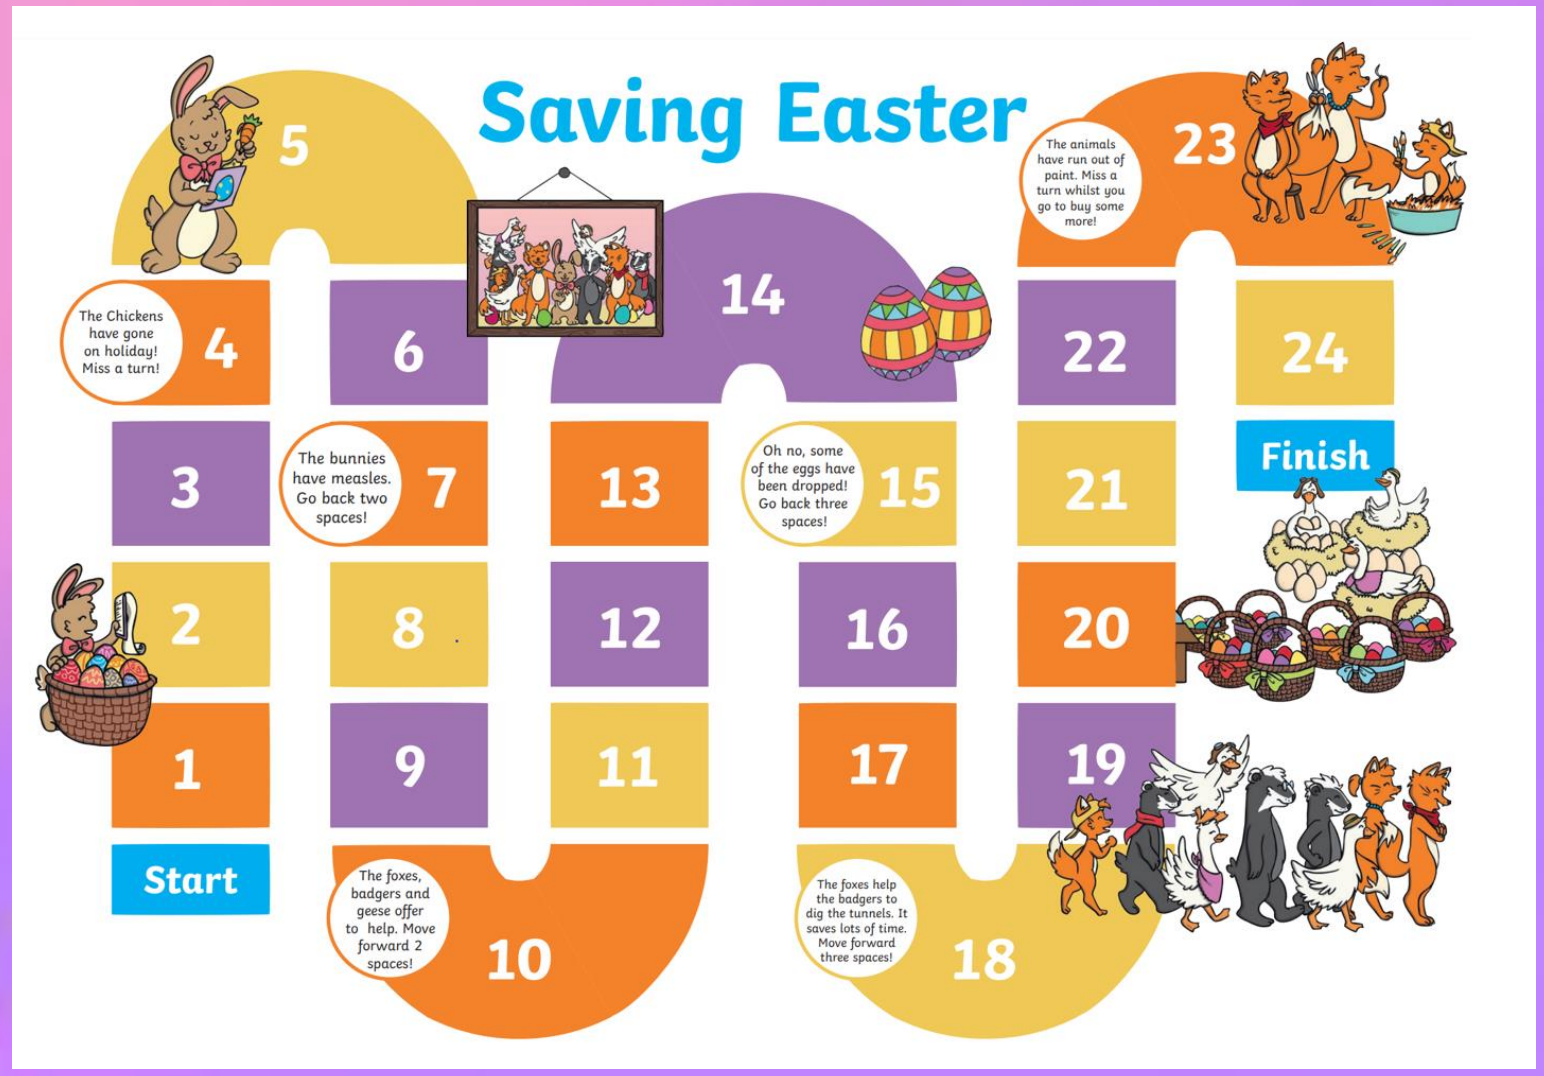




Easter Trivial Pursuit

- You could create an Easter themed version of Trivial Pursuit. This game involves collecting pieces of a puzzle by answering questions.
- You could create an Easter picture that is then chopped into a puzzle.
- Creating themed question cards, your players could collect pieces of your puzzle by getting the correct answer to your questions.

In this board game, the winner is the person to get across the finish line first. Having Easter themed problems that result in missing turns or move back spaces creates a great festive feeling towards this board game.



When creating a board game, it is essential that you also create a set of instructions for how the game is to be played. In these instructions you should set out what equipment is needed and the rules of the game, as seen on the Saving Easter Board Game instructions.

Saving Easter Board Game

Instructions

You will need:

- Saving Easter Game Board
- Counters
- Dice

Did you know?

In the UK, around 80 billion Easter eggs are eaten each year!

Before you play:

- This game is for 2-4 players.
- Cut out the dice and glue the tabs together to make a cube.
- Cut out the counters (one for each player).

How to play:

1. Place the counters at the start of the game, in the Easter Bunny's workshop.
2. Take it in turns to roll the dice and move around the board.
3. The first person to reach the Easter eggs is the winner!

Your task is to create an Easter themed board game.

- You could use ideas from your favourite board games or from the previous example Easter games.

- Think about what equipment people will need to play your game.

- Include instructions / rules so players know how the game works.

CHALLENGE:

Easter themed playing cards

- An alternative to a board game is playing cards. Playing cards can be used for a range of different games. As an optional challenge we would like you to create some Easter themed playing cards to enjoy with all the family.
