

Using the 'Life Cycles' PowerPoint, complete the life cycles and questions on these sheets. If you are unable to print these off, draw out the cycles and answer the questions in your Distance learning books. All of the information you need to complete this task can be found in the PowerPoint. If you are unsure, ask your teacher.

Complete the life cycle below for a mammal (e.g. dog, cat or horse).

Life Cycle of a _____

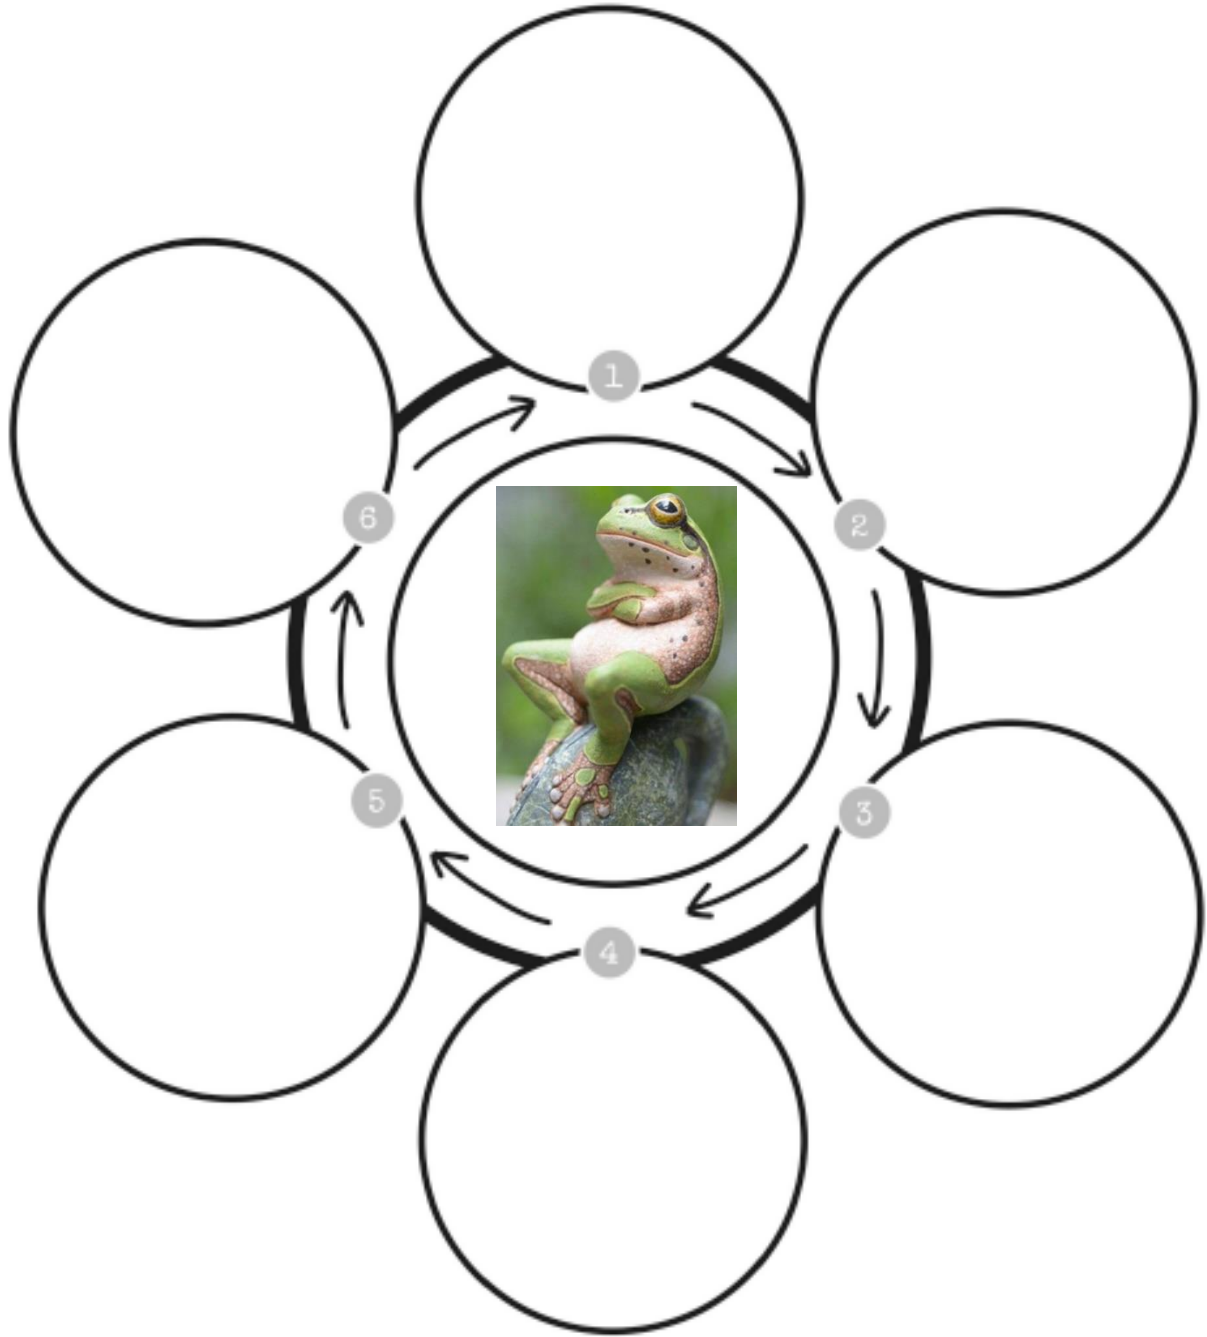

Complete the life cycle of an amphibian below.

The life cycle of a frog

What stages are in the life cycle of an amphibian that are not in the life cycle of a mammal?
