

Discovery work- Our new topic is Home and Away. We will be comparing Chipstead/Coulsdon with a village in India.

1. Can you create a KWL grid;

What do you already know about India?

What would you like to find out? Can you think of 5 questions?

2. Look out of your window, what can you see? Can you draw your view, take your time and think about perspective and shading.

3. Imagine your 'dream Coulsdon'. Create a map of the town centre. Include any improvements/facilities you would like. Label each one and explain how it would benefit the town.

4. Can you research one of the topics below and create a one minute talk to your family. You may use note cards or PowerPoint presentations to help you:

Indian musical instruments

Indian food

Indian clothing

Indian transport

- Login to CoderDojo and scratch to create some of their projects.
- Login to Yumu and record yourself singing our Sing up day song 'There's a Power in the Music' for Mr Vinten.
- Create a game that can be played by your family, either in your garden or in the house. This could be a board game or an active game.
- Learn a magic trick.
