

CREATE A MEDAL

Medals are given by The Queen or another member of the Royal Family to people for special achievements, personal bravery or services to the United Kingdom.

Create your very own special medal with the coloured pencils provided.

Some things to think about:

What colours you are going to use?

What patterns and symbols are you going to include? Maybe you want to add something that symbolises you or your family?

Personalise your medal thinking about what makes your achievement special or why you are being honoured.
