

Discovery

PSHE and DT

Your lessons for the week!

Lesson 1- How to be a good friend

Lesson 2- How to be a good friend –design a poster

Lesson 3 – What is a lighthouse?

Lesson 4 – Kites – Exploring diamond kites

Lesson 1

Being a good friend

How to be a good friend

- Before half term we talked about what makes a good friend. You found some great words to describe what you would like to see in a good friend. You also described how you are a good friend to others.

Being a good friend

How to be a good friend

Let's take a look the scenarios on the following slide. Let's discuss what you should do.

Being a good friend

How to be a good friend

Someone has fallen over.. What do you do?

Being a good friend

How to be a good friend

When someone looks like they are lonely.
What do you do?

Being a good friend

How to be a good friend

When someone is upset. What do you do?

Being a good friend

How to be a good friend

When someone is stuck with their work? What can you do?

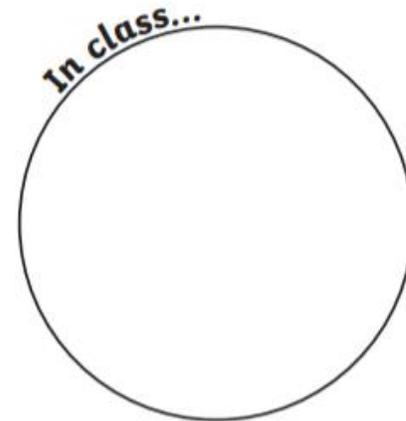

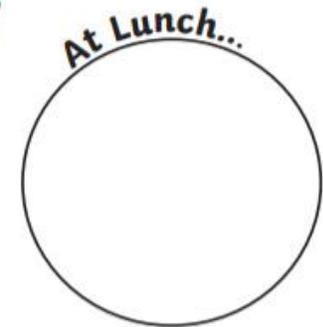

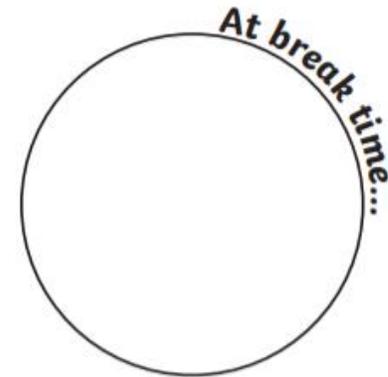

Activity
1

Being a good friend

Thinking back to the activities we discussed before, fill in the sheet giving examples of how you can be a good friend.

menu

How can _____ be a
good friend?

Lesson 2

Being a good friend

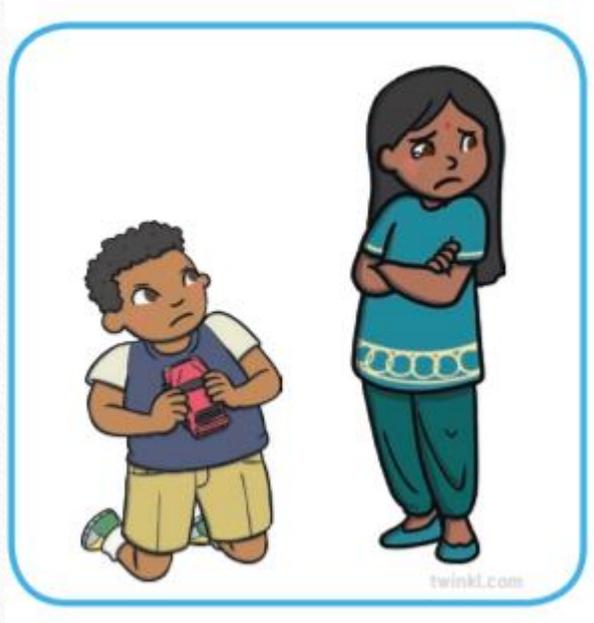

How to be a good friend

- Last time we discussed how we could be a good friend to others.
- Today we are going to look at different scenarios and see if we can figure out if people are being friendly or unfriendly.

Lesson 2

Being a good friend

How to be a good friend

- Friendly or unfriendly

Lesson 2

Being a good friend

How to be a good friend

- Friendly or unfriendly

Lesson 2

Being a good friend

How to be a good friend

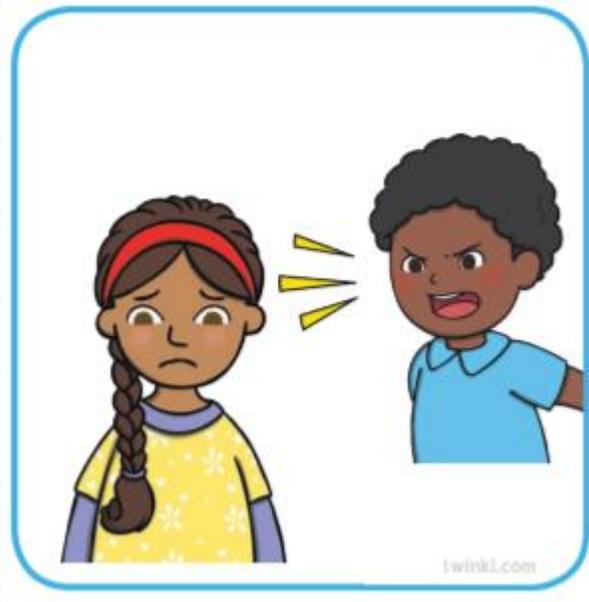

- Friendly or unfriendly

Lesson 2

Being a good friend

How to be a good friend

- Friendly or unfriendly

Lesson 2

Being a good friend

How to be a good friend

- Friendly or unfriendly

Lesson 2

Being a good friend

How to be a good friend

- Friendly or unfriendly

Lesson 2

Being a good friend

How to be a good friend

- Friendly or unfriendly

Being a good friend

How to be a good friend?

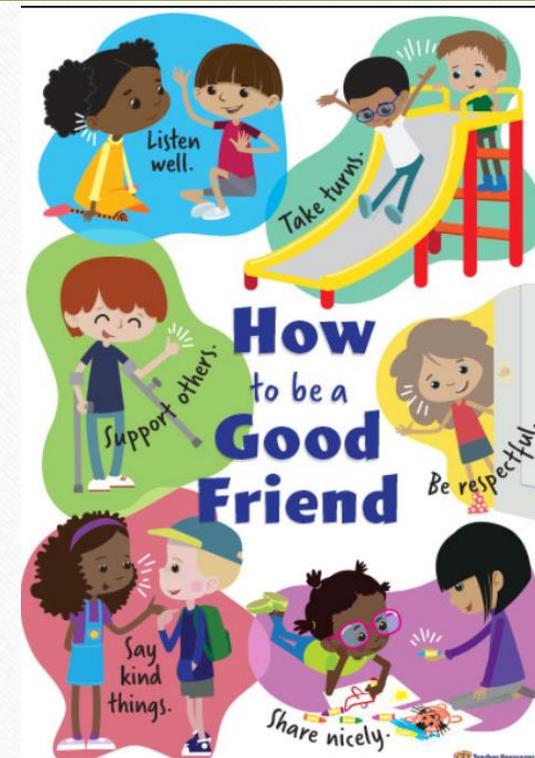

Activity 2

- Design a poster on how to be a good friend.

It could be a do's and don't poster or you could choose a list of things that good friends do.

Remember to use bright colours to catch people's attention.

Lesson 3 Discovery

What is a lighthouse?

Last week we learned about Grace Darling, who saved many people at her father's lighthouse. But how much do you know about lighthouses?

What is a Lighthouse?

A lighthouse is a building that gives out light. It helps to keep boats and ships safe by warning them where land is.

History of Lighthouses?

Before the first lighthouse, boats were guided by fires on hilltops. The idea of a lighthouse came after these fires were raised upon platforms. The first lighthouse was built in Egypt over 2000 years ago and was called 'The lighthouse of Alexandria'.

In Britain, the first lighthouse was built in Devon because the Eddystone Rocks were a hazard for boats and ships.

The light seen from a lighthouse now comes from electricity rather than burning oil or candles.

Parts of a lighthouse

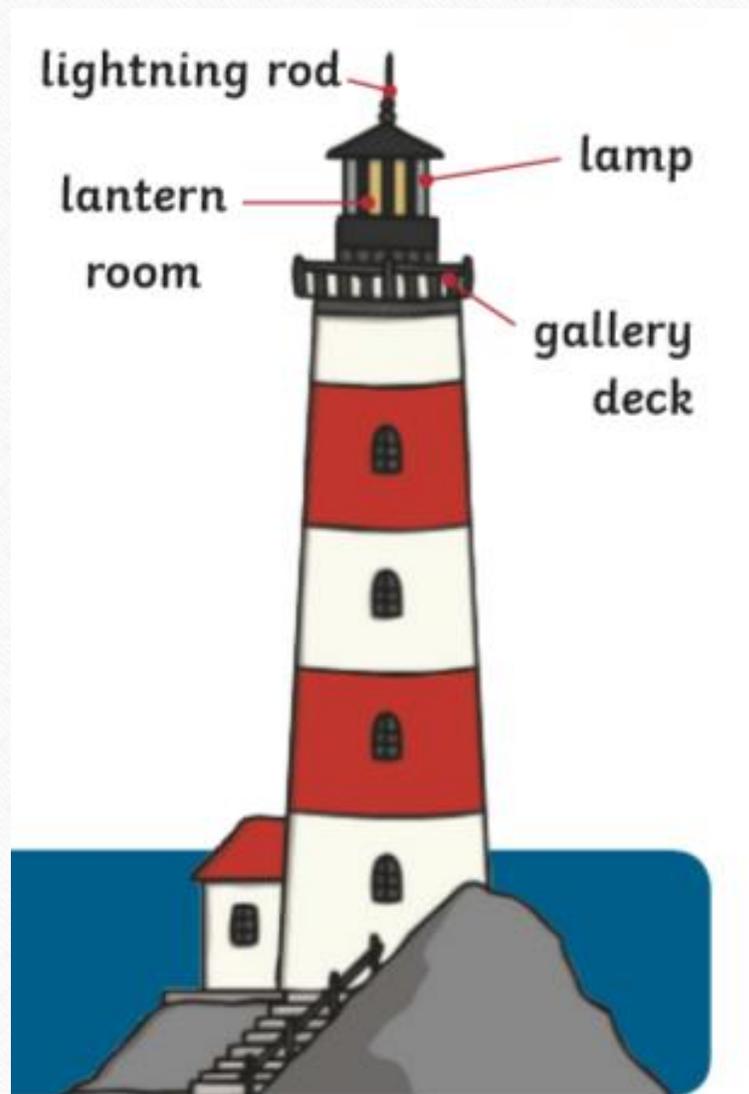

A Lighthouse

There are over 100 lighthouses around the UK. Only some of these are still in use.

Lantern Room – A room with the lamp and lens in.

Lightning Rod – A copper rod which stops lightning causing too much damage.

Gallery Deck – A platform that circles the lighthouse just below the lantern room.

Activity 1: Do some research about lighthouses.

You could find out:

- What is a lighthouse;
- The history of lighthouses;
- The different parts of a lighthouse.

Activity 2: Draw a lighthouse, or maybe even make a lighthouse out of things you have at home, and label the different parts.

Lesson DT

Flying kites!

- Today, we will be exploring diamond kites!

What are
diamond
kites?
Have you ever
made one?

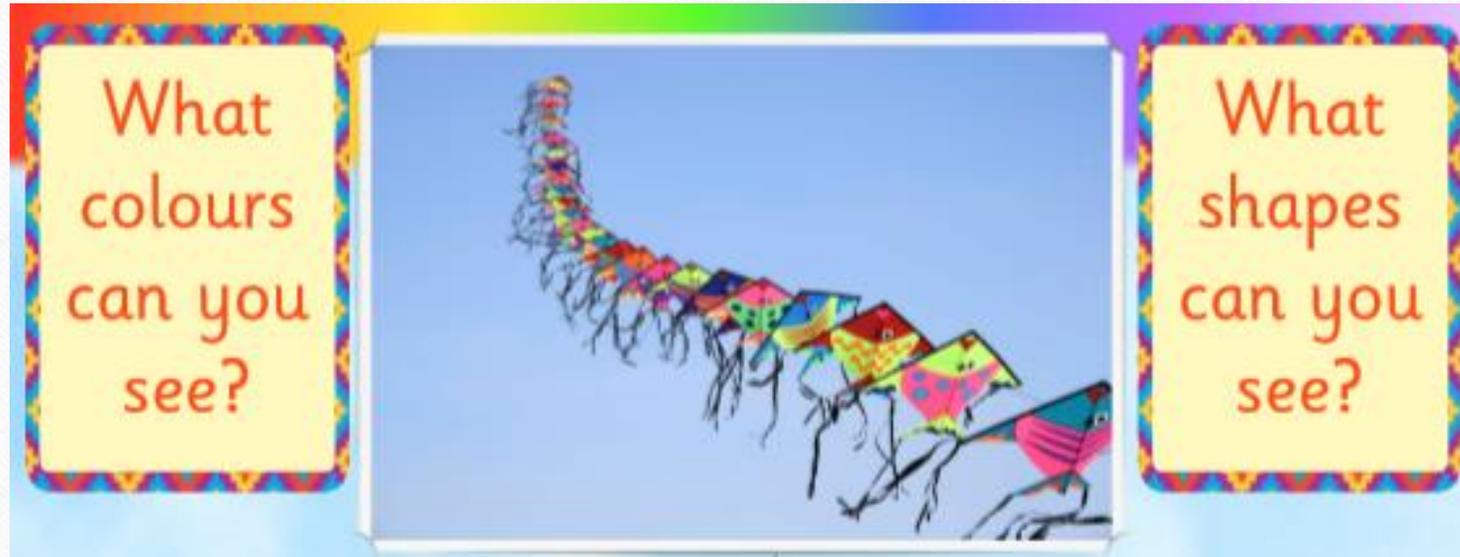

These
are
diamond
kites. Have
you flown
one?

Diamond kites are quite easy to make.

You can use many different materials and designs.

Let's look at some diamond kite designs. This will help you design your own kites!

What
colours
can you
see?

What
shapes
can you
see?

What
materials
were used?

What
patterns
can you
see?

What
colours
can you
see?

What
shapes
can you
see?

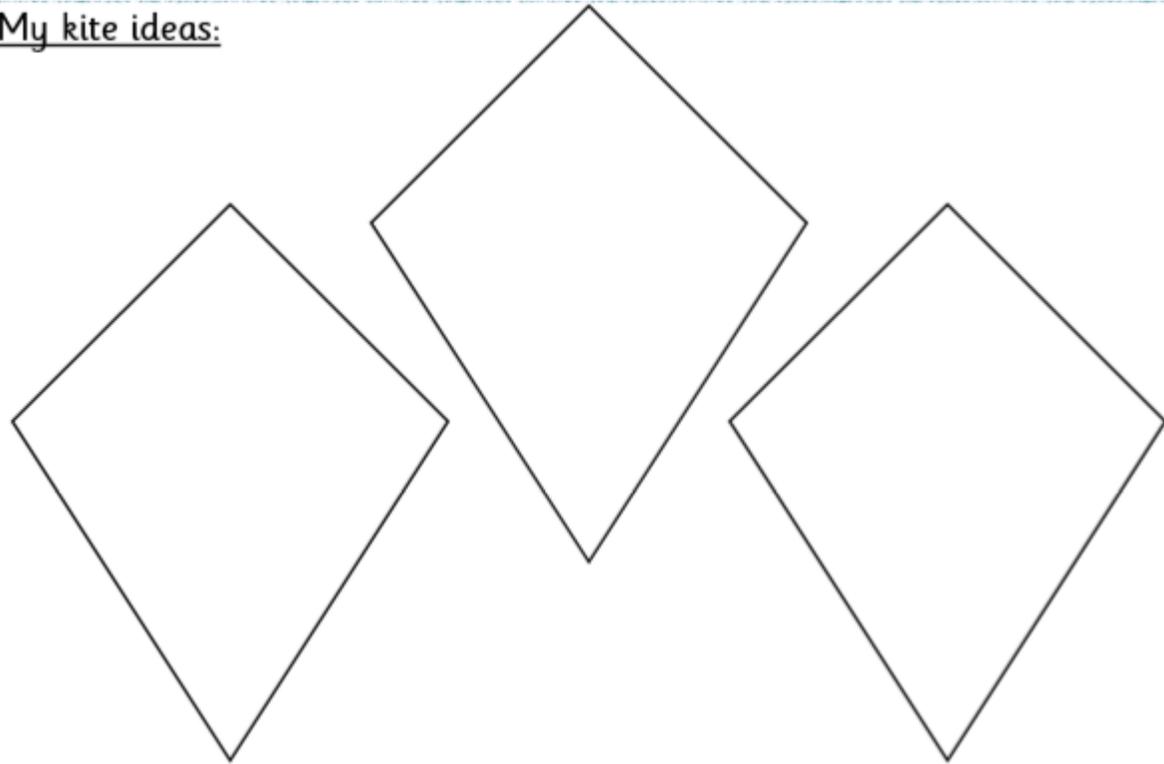

What
materials
were used?

What
patterns
can you
see?

Your turn!
Can you
design your
own diamond
kite?

My kite ideas:

I will use these materials
(Colour the boxes)

tissue paper	scissors	coloured pencils
plastic bag	wooden sticks	nets
coloured paper	metal	glass
string	tape	glue

Which material is best for the kite sail?

Which step will be the hardest?
(Colour the box)

Designing the sail	Flying the kite	Glueing the kite together
--------------------	-----------------	---------------------------

Which step will be the easiest?
(Colour the box)

Cutting-out the kite	Flying the kite	Making the kite frame
----------------------	-----------------	-----------------------
