

Dear Parents

I hope you are all well and have all been enjoying the sunshine!

From this week, the Distance Learning is going to change a little. I will still be producing activity packs and links to online games; in addition, I will also be asking you and your children to join me for story time and other activities. I will be setting this up over the next few days. I feel it is really important to have face to face interaction - I have missed the boys so much! I will provide more details by email.

Please take a look at the different activities I have put together this week and look at the resources available for Reception/Year One too. I have also included a few links to games and songs that may be of interest:

Number Songs
