

Year 2 Learning - Spring 2020

English

During our English lessons, we will be reading and writing instructions for 'George's Marvellous Medicine' by Roald Dahl . We will be writing a narrative about 'The Winter Sleep' by Sean Taylor and Alex Morss and looking at the vocabulary and the use of interesting adjectives.

Maths

In Maths, we are starting multiplication. We are going to be looking at 2's, 5's and 10's. We will be using a variety of visual representations such as arrays and using numicon. We will be challenging the children with a variety of reasoning and problem solving investigations.

Wellbeing

Our focus this term is on 'Where I belong? where we will be looking at different groups that the children belong to and how different people love and care for them.

Science Pioneers

We are really looking forward to our topic of 'Science Pioneers' and all the discovery learning based around it.

The Year 2 Team

Art

We will practising drawing and how to use our pencil in different ways. Using the 3 different techniques.

Connecting Classrooms

The children will be creating an E-Book on 'What is Waste?' linked to our developed skills in the use of PowerPoint. We will also be looking at what waste is within the community and its impact on our daily lives and how we can make a difference.

Science

We will be looking at Charles Macintosh and his invention of rubber linking to our theme of materials. We will be carrying out an experiment, which will involve predicting and evaluating their results.

Spanish

We will be looking at different Spanish nouns of objects from the classroom. We will then be learning the different months of the year and how we can link this to our Birthdays.

Computing

Linked to our science we will be carrying out research into a famous scientist to create their own fact file to present using powerpoint.
