

Maths:

The children will be developing their understanding of addition and beginning to understand and consolidate their learning of a variety of different subtraction methods. They will be using dienes and number lines to support their learning.

In addition to this, the children will begin to learn about multiplication by using practical and written methods.

English:

During our English lessons, we will be recapping and developing their grammatical knowledge. They will continue to work on their story writing and begin to write newspaper articles around a lovely story, 'The Bear and the Piano,' by David Litchfield.

Science:

In their science lessons, the children will be learning about animals, including humans. They will learn all about the basic needs for survival and the importance of exercise for humans. They will also learn about the lifecycle of a human and some mammals.

Computing:

The children will be encouraged to develop their art skills through the use of technology. They will be doing this on a chrome book, ipad's and in the Digiverse.

RE:

The children will be learning all about Islam. During this unit, they will be learning all about the places of worship and the different lifestyles and celebrations.

Geography:

In the children's geography lessons, the children will learn all about where different animals live and begin to learn about the different environments each animal requires, in order to survive.

Year 2**Marvellous Mammals****Art:**

During art lessons, the children will continue to investigate tone by drawing light/dark lines, light/dark patterns, light/dark shapes using a pencil. They will then make different tones with pencil.

Reminders:

Please remember that homework now comes back on a Wednesday and goes out on a Thursday.

Wellbeing Curriculum:

As part of our well-being curriculum, the children will be looking into where do we belong? What/who keeps me safe? How can we look after other living things? What effects do we have on our environment?

MFL:

During this term, the children will continue to develop their Spanish vocabulary. The topic will be called, Language Learning Powers.

Music:

The children will be focussing on performing, composing and appraising their music.

PE:

Throughout this term, the children will be developing their dance skills and routines.

DT:

Throughout the DT curriculum, the children will be understanding the process of how to chop and prepare food. They will learn how to make a smoothie.
