

Maths:

The children will continue to learn about multiplication, by using practical and written methods. Here they will learn a number of songs, chants and methods to help them know their 2's, 3's, 5's and 10's time tables. They will also be introduced to division and a number of methods and tips on how we can share equally.

English:

During our English lessons, the children will learn to write a diary, a recount about the trip, and instructions linked to 'George's Marvelous Medicine.' In addition to this there will be a focus on grammar. The children will learn about prefixes and suffixes, adverbs, sentence types and present tense.

Science:

In their science lessons, they will observe and describe how seeds and bulbs grow into mature plants and find out and describe how plants need water, light and a suitable temperature to grow and stay healthy. This will link to our science week.

Computing:

The children will be introduced to the programme, 'Scratch.' They will learn and use positional language to move their character, 'Sprite.'

RE:

The children will continue to learn about Islam. During this unit, they will be learning all about the places of worship and the different lifestyles and celebrations.

Geography:

In the children's geography lessons, they will learn to describe a place outside Europe using geographical words, explain what facilities a town or village might need and explain how the weather affects different people and climates.

**Art:**

During art lessons, the children will continue to investigate tone by drawing light/dark lines, light/dark patterns, light/dark shapes using a pencil. They will then make different tones with pencil.

Reminders:

Please note the date of the school trip to Chessington Zoo, on Friday 18th March 2022! Please remember to log onto scopay to pay, consent and choose a food option for your child/ren.

Wellbeing Curriculum:

As part of our well-being curriculum, we will explore the following questions: How can we look after other living things? What effects do we have on our environment? How can we look after our environment? Keeping safe week!

MFL:

During this term, the children will continue to develop their Spanish vocabulary. The topic will be called, Language Learning Powers.

Music:

The children will be focussing on performing, composing and appraising their music.

PE:

Throughout this term, the children will be introduced and taught basic netball skills. They will learn to pass, catch, pivot and some of the rules.
