

Treehouse: Topic at a Glance

Summer 2: 06.06.22 - 22.07.22

Key Dates:

Hobbledown Trip Tuesday 12th July

Dinosaurs

We have dived feet first into our Dinosaur topic, and have started leaning the makaton signs and words for the song "One Dinosaur Went Out to Play". We have been talking about the different dinosaurs and are looking forward to making dinosaur collages. We will be learning about the different dinosaurs and their characteristics. We will be looking for dinosaurs in the school environment, digging for dinosaur bones and learning to move and sound like dinosaurs. We will be using the books 'Tyrannosaurus Drip', 'Mad about Dinosaurs' and other texts that spark our interest.

Pirates

We will continue our learning about the ocean - this time above waves as we board the Treehouse pirate ship! We will learn pirate songs, follow a recipe for pirate biscuits and build ourselves a pirate ship. We will read the books "Pirates Love Underpants" and "Ten Little Pirates" and will try to find out where the pirates treasure is buried.

Our Wonderful World

Under the Sea

We will be travelling by submarine to the bottom of the ocean, using the book "Commotion in the Ocean" to discover the magnificent creatures that lurk beneath the waves! We will also read the book Tiddler, exploring staying safe and also the days of the week. We will take part in some fun phonics and fine motor activities, including fishing for sounds and using our fingers like crab pincers!

Celebrating an Amazing Year!

As the school year draws to a close, we will look through photographs and our learning folders, to talk about what we have achieved this year. We will look at photos of ourselves and see how we have grown and changed and will celebrate all of our amazing achievements!
