Chipstead Valley Primary School
Fun French Lessons for all classes including Reception children from November 2026

Bonjour Parents/Carers,

Fun French language learning is available at your school with a fluent and native French speaker with years of teaching experience! The lessons are fun with music, dance and movement.

There are educational topics (numbers, colours, days of the week, people who help us, weather, clothes, animals, food and drinks…), songs with action signs (Frere Jacques, number song in French, colour song) and fun games (using puppets, flashcards and books) to engage the children all the time. Parents will receive weekly email about the topics learnt.

Places are limited and are offered on a first come first serve basis.

Please contact Madame Jennifer for more details or to book your places at:
